

# South Dock Marina Boatyard Proposal

## Consultation Notice

### The 11,000 new council homes commitment

We have ambitious plans to provide 11,000 new council homes by 2043, with the first 1,500 by 2018.

These homes will be provided through a combination of development on our existing estates, buying some directly from developers and developing land that we own through the regeneration partnership.
